

Wholecloth Requirements

- Quilt sandwich. Make the front fabric something either plain or with a very subtle print. Hand dyes fabrics also work well.. I suggest you make it between 20” square and 1m square, with a thin wadding in it. Secure the three layers together in your preferred manner. Depending on how fast you work you may want to bring two if you are working with a smaller size. Rectangles can be used but squares are easier.
- Threads, a selection of weights, colours and fibers. Try to bring thread that matches your sandwich (front and back) as well as some that contrast.
- Sewing machine where the feed dogs can be dropped or covered. This would be a good time to give it a clean and oil, we will be making it work for it's living in this class. If you have them bring spare bobbins, this might be a good time to use up those with odd bits of thread on.
- A free motion foot, this might be a darning foot, big foot, hopping foot or quilting foot.
- Marking tools, chalk pencil, washout pen, vanishing pen.
- Needles for the machine. If you have them bring a range of needles, sizes 60 – 100, jeans, quilting and metallic needles may all be useful when playing with different threads.
- Small scissors for trimming threads.
- Paper, for taking notes and practicing designs
- Lunch

If you have any questions about this requirements list I can be contacted at ferret@ferfab.co.uk or on 020 8861 6410. Looking forward to seeing you all
